Improving discipline, memory, and cross-cultural communication skills

SUMMARY

Front-end developer with experience in React, TypeScript, and Node.js. Enjoys collaborating in Agile/Scrum teams and continuously expanding full-stack knowledge to build scalable and efficient web applications. Committed to continuous growth and bringing both technical and cultural perspective to dynamic development teams

EXPERIENCE

Front-End Developer Trainee

HackYourFuture

12/2024 - Present Amsterdam, Netherlands

- Collaborated with a 4-member cross-functional team in an Agile/Scrum environment to deliver the project successfully over a 5-week cycle.
- Built real-world projects during an intensive full-stack program using React, TypeScript, Node.js, and OpenAI API.
- Collaborated in Agile teams, integrated REST APIs, and delivered responsive UI features.
- Reduced flashcard creation time by 80% in a 5-week team project through AI-powered backend integration.

IT Support Technician

Simply Contact

12/2021 - 2023 Lviv, Ukraine

- Resolved 150+ technical issues monthly through phone, email, and remote desktop, increasing user satisfaction and uptime.
- Authored and updated documentation for 200+ support requests, enhancing team knowledge sharing and efficiency.
- Assisted with user account management, password resets, and access permissions, guiding users step-by-step through troubleshooting.
- Ensured smooth functioning of office IT infrastructure, including printers, workstations, and internet connectivity.
- Delivered clear guidance and training to non-technical staff on technology use.

PROJECTS

Esherio Social app

https://esherio.netlify.app/

Tech: React, TypeScript, Tailwind CSS, Supabase

- Built responsive front-end with React, TypeScript, and Tailwind CSS.
- Auth and real-time features via Supabase.
- Prioritized a calm, ad-free user experience with smooth UI and efficient state management.

Memix Flashcard app

https://c52b.hyf.dev/

Tech: Node.js, Express, OpenAI, JWT, React

- Built APIs in Node.js/Express.
- Auth via JWT.
- AI-generated "Deck" with OpenAI.
- Front-end in React, UI/backend integration.
